Dear Ma'am,

As you are aware United Way Mumbai is a registered non-profit organization working on a wide range of issues including health, education, income, environment, public safety and social inclusion. Over the past 20 years, United Way Mumbai has closely engaged over 500+ NGOs and over 300+ corporates in implementing high impact community initiatives across India. As part of its Community Impact Initiative, United Way Mumbai endeavors to address environmental issues in Mumbai.

Recognizing the need to extend environmental education to youth is vital, as they are on the threshold of becoming active participants in society as citizens, decision-makers, and leaders. Hence, we have launched a special project on Environment Education to create awareness and involve youth in formal and non-formal environmental improvement action under our flagship initiative, Clean Shores Mumbai.
