VISION

Empowerment of women, through quality in nursing education.

MISSION

To impart holistic and quality nursing education for developing students into sensitive and conscientious nurses and to equip them to cater to the health care needs of the society.

PHILOSOPHY

- We believe in women empowerment through quality education.
- "Change" is the law of nature". Therefore, advancement of knowledge and quality of nursing education needs to be adaptive to these changes.
- Nursing is a unique and vital profession; hence, the Institute strives to develop sensitive and conscientious students through quality nursing education.
- We are aware that 'Health' is a basic right of every individual. Quality of nursing education imparted in this Institute will enable our students to protect this right, so that we can provide quality of health and nursing care, irrespective of any caste, creed, culture, religion or status.
- We believe that thorough preparation and strong determination is a key to success.
- 'Excellence' in quality is never an accident; it requires dedication and devotion to the duty. The Nursing college and its staff is committed to impart value-based education to provide in -depth knowledge of the subjects related to health care to its aspirants, and inspire to build an intellect and good character of students.
